

**Thunder Bridge Acquisition, Ltd. Announces
Private Placement Transaction, Amendment of Merger Agreement and
Proposed Amendment to Outstanding Warrants**

Great Falls, VA and Atlanta, GA– May 9, 2019 - Thunder Bridge Acquisition, Ltd. (NASDAQ: TBRG) (“Thunder Bridge”), a special purpose acquisition company, today announced that it has agreed to issue and sell 13.5 million Class A ordinary shares at a price of \$10.00 per share in a private placement to investors including funds and accounts managed by institutional investors Neuberger Berman Investment Advisers LLC, Baron Funds and BlackRock, Inc. for gross proceeds of \$135 million. Concurrently with this transaction, certain of the institutional investors entered into a lock-up agreement under which they have agreed not to sell shares or warrants acquired in connection with the private placement for 120 days following the closing of the previously announced business combination with Repay Holdings, LLC and Hawk Parent Holdings, LLC (together, “REPAY”) in exchange for receiving from Thunder Bridge Acquisition LLC (the “Sponsor”) previously-issued private placement warrants to purchase a total of 2.0 million Class A ordinary shares. Also included among the investors in the private placement were members of Thunder Bridge’s sponsor group, Pete Kight and Monroe Capital. The closing of the private placement is conditioned on the concurrent closing of the business combination.

Charles Kantor, Neuberger Berman Senior Portfolio Manager, commented: “As REPAY executes on its leading position within a secularly growing market and an underpenetrated area of the payments sector, we look forward to providing our experienced public market perspectives to help further drive long-term value creation – particularly as it relates to financial communication, capital allocation, and corporate governance.”

John Morris, CEO of REPAY said, “We are grateful for the commitment and support we have received from our new PIPE investors and look forward to working with, and on behalf of, all of our shareholders on the exciting next phase of REPAY’s growth story.”

Pete Kight, Executive Chairman of Thunder Bridge, stated, “REPAY’s strong market and competitive position make this a highly attractive investment opportunity for Thunder Bridge, and we are pleased to be joined by such blue-chip investors through their participation in the private placement transaction. Furthermore, we believe that the amended merger terms further align all shareholders by reducing the merger price as well as the overall dilution in the transaction.”

Thunder Bridge and REPAY also entered into an amendment to their merger agreement and certain related agreements. Under these agreements:

- the base merger consideration (as defined in the merger agreement) payable to REPAY equity holders in the transaction has been reduced to \$580,650,000 from \$600,000,000;
- the Sponsor will forfeit an additional 1,935,000 Class B ordinary shares and the Sponsor and the other holders of the private placement warrants will forfeit their remaining private placement warrants at the closing of the business combination (effectively eliminating approximately 77% of the dilution from the founder warrants);
- the minimum portion of the merger consideration required to be paid to the REPAY equity holders in cash as a condition of REPAY’s obligations to complete the merger has been reduced by \$30,000,000 to \$260,000,000;

- as a condition to the parties' obligations to complete the business combination, Thunder Bridge will amend its outstanding warrants so that each warrant holder will receive shortly after the closing of the business combination a cash payment of \$1.50 per warrant (with the holders of the private placement warrants waiving the right to such cash payment) and the warrant will be exercisable for one-quarter of a Class A ordinary share for an exercise price of \$2.875 for each one-quarter share (\$11.50 per whole share), effectively eliminating 75% of the dilution from the public warrants; and
- if proceeds of the private placement, the remaining funds in Thunder Bridge's trust account and cash of REPAY exceed the amount required to fund costs at closing (including the costs of the redemption of Thunder Bridge's public stockholders triggered by the business combination and the cash payment for the warrant amendment), the excess will be used for general corporate purposes, including paying debt or funding acquisitions. Excess amounts above \$60 million will increase the portion of the merger consideration to be paid in cash to the REPAY holders (with a resulting decrease in the number of REPAY units issued to REPAY holders).
